

Dr Trevor Coward's publications

Storey D., Coward T.J.. The quality of impressions for crowns and bridges: an assessment of the work received at three commercial dental laboratories. Assessing qualities of impressions that may lead to occlusal discrepancies with indirect restorations.

Eur. J. Prosthodont. Restor. Dent.2014;22(1):11-18.

Coward T.J., Richards R., Scott B.J.J.. Development of a morphing technique for predicting the position and size of an artificial ear on the deficient side of the face in hemifacial microsomia.

Int J Prosthodont., 2014; 27 (5): 451-457.

Artopoulos A., Buytaert J.A.N., Dirckx J.J.J., Coward T.J.. Comparison of the accuracy of digital stereophotogrammetry and projection moiré profilometry for 3D imaging of the face.

Int J Oral Maxfac Surg, 2014; 43: 654-662.

Storey D., Coward T. J.. The quality of impressions for crowns and bridges: An assessment of the work received at three commercial dental laboratories. Assessing the quality of the impressions of prepared teeth.

Eur. J. Prosthodont. Restor. Dent., 2013; 21,(2): 1-5

Jambhekar S., Kheur M., Coward T.J.. A comparative evaluation of the change in hardness of two commonly used maxillofacial prosthetic silicone elastomers as subjected to simulated weathering in tropical climatic conditions.

Eur J Prosthodont & Restorative Dent., 2012; 20(4):146-150

Coward T.J., Watson R.M., Richards R., Scott B. J.J..A comparison of digital methods used to predict the position of an artificial ear upon the abnormal side of the face for hemifacial microsomia patients.

Int J Prosthodont, 2012; 25 (2):160-165.

Seelaus R., Coward T.J., Li SY. Computerised Colour Formulation for African Canadian People Requiring Facial Prosthesis: A Pilot Study Part II, Qualitative assessment.

J Prosthodont, 2011; 20(11):67-73.

Coward T.J., Richards R., Fenlon M., Scott B.J.J.. The development of a stereophotogrammetry technique to assess facial change following surgery for head and neck cancer.

Int J Prothodont, 2011;24(4):285-388.

Gil A J., Curtis R V., Bonet J., Coward T J., SuperPlastic Forming (SPF) of patient-specific maxillofacial Prostheses.

Int J Numer Meth Bio, 2010; 26(1):139-155.

S. Koronis, E. Pizatos, G. Polyzois, TJ Coward..Application of CAD/CAM techniques in the fabrication of maxillofacial prostheses.

Hellenic Stomatological Review 2009;53(4):271-278.

Packer M., Coward T.J., Nikitin V., Davis D.M., Fiske J.. The potential of Dental Implants on the Quality of Life for People with Parkinson's Disease.

J Geriodontology 2009;26 (1):11-18.

Coward T.J., Seelaus R., Li SY.. Computerised Colour Formulation for African Canadian People Requiring Facial Prosthesis: A Pilot Study Part 1.

J Prosthodont. 2008;17(4):327-335.

Coward T.J., Scott B. J.J., Watson R.M., Richards R. A comparison between computerised tomography, magnetic resonance imaging, and laser scanning for capturing the surface tomography of the ear.

Int J Prosthodont 2007; 20(3): 1-11.
