

Dr Louisa Mordin's publications

Maldonado Fernández M, Birdi JS, Irving GJ, Mordin L, Kivekäs I, Strupp M. Pharmacological agents for the prevention of vestibular migraine. Cochrane Database of Systematic Reviews 2015, Issue 6. Art. No.: CD010600. DOI: 10.1002/14651858.CD010600.pub2

Epidemiology of balance symptoms and disorders in the community: a systematic review
Mordin L, Schilder AG.
Otol Neurotol. 2015 Mar;36(3):387-92.

Balance, falls risk, and related disability in untreated vestibular schwannoma patients.
Saman Y, Bamio DE, Mordin L, Tsioulos K, Davies R, Dutia MB, Obholzer R, Gleeson M.
J Neurol Surg B Skull Base. 2014 Oct;75(5):332-8.

Motion sickness in migraine and vestibular disorders
Mordin L, Chamberlain F, Cheema S, Arshad Q, Gresty MA, Golding JF, Bronstein A.
J Neurol Neurosurg Psychiatry. 2014 Aug 11.

(In press) Dizziness [Chapter in] Textbook of Internal Medicine, OUP (with Linda Luxon)

Vertigo and Imbalance: Oxford Textbook of Clinical Neurology
Chapter co-author (with Rosalyn Davies): I am a neurologist, what otology do I need to know?

Paediatric balance disorders (with Gavin Morrison)
Chapter in: Scott Brown's Otolaryngology (in press)

Migraine and vertigo
Chapter in: Scott Brown's Otolaryngology (in press)

A career in Audiovestibular Medicine
BMJ Careers 2012

Dizziness
Mordin L, Seemungal B, Bronstein A
Medicine 2012 40 8 431-434

Managing motion sickness.
Mordin L, Golding J, Bronstein A.
BMJ. 2011 Dec 2;343

Migraine and Meniere's disease
Mordin L and Davies R
eBrain 2011 Neurology online educational resource (<http://www.ebrainjnc.com>)

Mordin L, Luxon L, Davies R.
Psychopathology in vestibular migraine: what is the mechanism? (Abstract only)
Cephalalgia 2011 vol. 31 no. 1 suppl 178

Murdin L , Premachandra P, Davies R

Sensory processing in vestibular migraine (Abstract only)

J Vestib Res. 2010;20(3-4):79-340

Murdin L, Premachandra P, Davies R

Sensory dysmodulation in vestibular migraine: an otoacoustic emission suppression study *Laryngoscope* 2010 120(8) 1632-1636

- a contribution to understanding mechanisms of migraine

Murdin L, Davies R, Bronstein A

Vertigo as a migraine trigger (Abstract only) *Eur J Neurol* 2009 Suppl. 3 **16** 77

Murdin L, Davies R and Bronstein A

Vertigo as a migraine trigger *Neurology* 2009 **73** 638-42.

- Key clinical study cited in international consensus guidelines on Vestibular Migraine diagnosis

Murdin L and Bronstein A

Head deviation in progressive supranuclear palsy *J Neurol* 2009 **256** 1143-5

- a challenge to established theories of mechanism of falls in progressive supranuclear palsy

Murdin L and Davies R

Otoacoustic emission suppression testing: A clinician's window onto the auditory efferent pathway *Audiological Medicine* 2008 **6** 238 – 248

- a clinically oriented review

Murdin L and Davies R

Dizziness *Medicine* 2008 **36** 535-539

Murdin L, Davies R and Bronstein A

Migraine and vertigo: a bi-directional connection? (Abstract only) *J Neurol Neurosurg Psychiatr* 2008 **79** 338-362

Murdin L, Patel S, Walmsley J and Yeoh LH

Hearing difficulties are common in patients with rheumatoid arthritis *Clin Rheumatol* 2008 **27** 637–640

Murdin L, Sirimanna T, Hartley B and Holder S

Chondrodysplasia punctata: a case report and review of audiological and ENT features *J Laryngol Otol* 2006 **120** 233-236

Murdin L and Yeoh L H

Hearing loss treated with pamidronate *J R Soc Med* 2005 **98** 272-274

- reported in *The Daily Telegraph* and *Minerva, British Medical Journal*

Murdin L, Sirimanna T, Hartley B

Chondrodysplasia punctata (abstract) *J Laryngol Otol* 2004 **118** 71–82

Edwards S and Murdin L

Respiratory rate – an underdocumented clinical assessment *Clinical Medicine* 2001 **1** 81
