

Bermondsey Health Centre – Bermondsey and Rotherhithe, Southwark

Manager: Jenny Jones jenny.jones@gstt.nhs.uk

My nursing career began in West Yorkshire where I worked for many years on medical, surgical and specialist wards. My love for community nursing began when I moved to London and subsequently worked in several community settings including Camden, Islington and Kensington.

For me, every patient contact matters. The opportunity to manage and support teams to bring quality care, and choice to patients in their own home environment, is a privilege and can make a real difference. It is not without challenges, but I find that working collaboratively to provide patient focused care brings many rewards and positive benefits.

Location

108 Grange Road
London
SE1 3BW

Tel: 020 3049 7200
